### Highest performances

The latest and fastest CPU provides the best productivity and gaming performance. More than 30% faster than the previous model, Tab S7 is designed for the next mobile working experience and efficiency. Tab S7+ even comes in 5G enabling super fast data transfer and the lowest latency. With up to 10,090 mAh, the battery enables flexibility even for the longest working days.

### Immersive displays

Equipped with a new 11" crystal clear display and small bezel, Tab S7 is the ideal all-rounder. Alternatively the impressive 12.4" sAMOLED display of the Tab S7+ is the perfect reading, writing, note taking and working device. Both deliver a super smooth scrolling and gaming experience at 120 Hz and the lowest blue light emission on the market. Watching movies on the new Tab S7+ with Quad Speakers and Dolby Atmos becomes an unique experience.

### Make working fun

Express yourself with the new S Pen with the lowest latency ever, which makes drawing and note taking so much more fun. It's faster and, thanks to AI, it's even more precise. The upgraded Samsung Note brings note taking to the next level. Editing of PDFs, integration of handwritten notes, audio-note synchronization and efficient management of all notes are newly available functions. Samsung Note synchronizes on other Galaxy devices and Microsoft Outlook or OneNote as well. The new magnetic Book Cover Keyboard with larger trackpad and full size keys allows you to be extremely productive. DeX becomes wireless for the most advanced mobile multi-tasking experience.
